WE MUST #REMEMBERREKIA

When young Black people organized to demand the firing of Dante Servin, the off-duty cop who shot and killed Rekia Boyd, **Lori Lightfoot** stalled the hearings for months, allowing him to quit on his own terms and keep his pension. In the process, Lightfoot repeatedly disrespected Rekia's brother, other families of police murder victims, and young people at Police Board hearings.

**WE SAY #NOCOPACADEMY AND
NO SCHOOLS-AS-POLICE-ACADEMIES.**

Rather than investing hundreds of millions more into a police department which already receives over \$4.5 million per day, we want to see investment in the resources that give our communities life, not criminalization. We want fully funded schools for kids, expanded mental health clinics, more after school programs, youth jobs — not more schools for cops like **Lori Lightfoot** recently proposed.

**SHE COVERED UP THE POLICE MURDER
OF ROBERT WASHINGTON.**

While head of the Office of Professional Standards, **Lori Lightfoot** ruled that the murder of 17 year old Robert Washington by an off-duty police officer was justified, even though the case investigator disagreed and the autopsy showed he was shot in the back of the head at point blank range. Lightfoot also dismissed four official complaints made against Officer Jason Van Dyke in this time period.

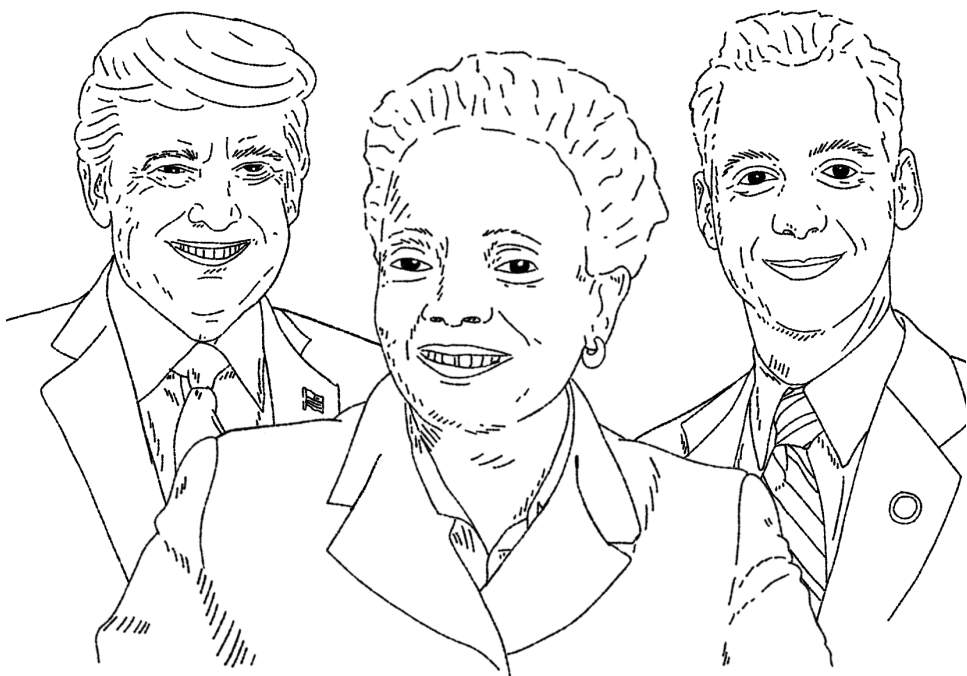

SHE WAS BROUGHT INTO CHICAGO POLITICS TO CLEAN UP RAHM'S MESSSES.

Even though she describes herself as a political outsider, **Lori Lightfoot** was appointed by Rahm Emanuel to the Police Accountability Taskforce to clean up the mess he caused by covering up the police murder of Laquan McDonald. The taskforce had no decision-making power, but rather served as a PR effort to help the Mayor and CPD save face and appear to be listening to community concerns when outrage and protests were demanding #RahmResign.

SHE'LL KEEP A POLICE CHIEF WHO SAYS THERE'S NO CPD CODE OF SILENCE.

Eddie Johnson, who was appointed CPD superintendent by Rahm after the Laquan McDonald cover-up scandal, has repeatedly said that he believes there is no code of silence within CPD, that he's never witnessed a case of police misconduct in CPD, and has failed to fire officers who have killed Chicagoans. **Lori Lightfoot** has promised he will stay in charge if she wins, saying she wouldn't "pander to the crowds that want him gone." Girl, what, they both gotta go.

THINK RAHM WITH SOME TRUMP SPRINKLED IN.

While branding herself as a reformer, **Lori Lightfoot**'s policy proposals promise to carry forward another term of Rahm Emanuel style ruling. She has received political donations from Rahm's allies and employees. She has refused to support rent control in Chicago, which would help stem the tide of Black displacement. She has refused to commit to end the CPD gang database or fully support making Chicago a sanctuary city for all immigrants. Her idea of ending violence is to enhance federal prosecutions of crimes involving guns, which has been a priority of the Trump Administration and resulted in nonviolent Black defendants being targeted. It's no surprise she's received multiple endorsements from prominent Chicago Trump supporters and Republicans.

On April 2nd, use your vote to #StopLightfoot.

Lori Lightfoot is a corporate lawyer and prosecutor with a history of covering up police misconduct and defending police brutality lawsuits for Rahm and Daley. We need better!
